The Provincial Government is shutting people out of social involvements, even know people shut into care homes and Hospitals are most effected, by far, and despite the 1960 Bill of Rights, a higher authority and law than the Constitution and Charter of Rights in law and controls on Government Authority.

The Population 2020 was 5,020,302 which means as I write this now (03-12-2020) 5,019,965 are Hospitalized. Not Total Cases thus far (of infections of any potential source, PCR only finds infections, not cause) 4,985,574. Not Confirmed Deaths (COVID or Related) 5,019,833. This is what the fear is about, this is what the threat and pandemic claims are about. — Gölok Z Buday

***"It is in vain, sir, to extenuate the matter.  
Gentlemen may cry, Peace, Peace -- but there is no peace.  
The war is actually begun! The next gale that sweeps  
from the north will bring to our ears the clash of resounding arms!  
Our brethren are already in the field! Why stand we here idle?  
What is it that gentlemen wish? What would they have?  
Is life so dear, or peace so sweet, as to be purchased  
at the price of chains and slavery? Forbid it, Almighty God!  
I know not what course others may take; but as for me,  
give me liberty or give me death!" -- Patrick Henry  
(1736-1799) US Founding Father Source: March 23, 1775***

I am cool with and understand being submissive, we Dom like folks need that. But that's a person to person thing, individual choice. When you, a clear beta, rise to Government office and impose your submissive nature on the rest of us, or vote those subs to end up doing this, that is another thing. It is outrageous to force a submissive lifestyle on those who did not individually choose, that's known as gang rape.

If you want a dom, ask them permission to have you, person to person, don't inflict the state on that dom. — Gölok Z Buday <https://www.goliberty.org/?id=330>

The Federal Government is taking measures to empower the CRTC to punish

"hate speech," however it decides to define it, as it has no real meaning. Besides arbitrary rule changes and sudden "hurt feelings" claimed by thin skins, who don't bother laughing off the witless name calling, or opinions opposed by an orthodoxy. Such as the notion children have a right to mature, then decide what they do with their body as adults. In opposition to puberty blockers. It also wants to intrude on the US Military, which the Internet is a product of, and as a result of legislation making any internet based statement protected by their 1<sup>st</sup> Amendment. Part 1, Item 1 (d) of ours. The Press is also not limited to those who have a press organization, it's an individual right, not a collective one.

The CRTC wants to violate rights, that will reach from actual people invoking Nazi rhetoric, to people merely accused, to people who oppose high taxes and spending because of some state propaganda claiming it hates.

Unpleasant speech, is a must in order for reasonable speech to be able to fight it. I also doubt PM Black Face will be held to these online regulations.

I am Bisexual, I don't care what you say about that, I approve of who I am, I don't need anyone else doing so. No one should need anyone's approval to how they live, so long as they attack no one and neither commit theft or fraud against them. - Gölok Z Buday

Jenny, why? I mentioned in my campaign, to her e-mail, and so on. Why are Rapists going free? Why do they get conditional release? Why are the those convicted beyond reasonable doubt not kept behind bars forever?

I gave her a potential Bill Draft, nothing presenting. Tell her what you think. - Gölok Z Buday

Hate being asked to sign Candidate nomination papers? No one likes asking, the big parties have the advantages over disabled libertarians like myself. In everything, but this as well. I sent a new system that allows people with over 100 votes in any Election in Canadian jurisdiction to have automatic ballot access. Also a voting system of ranking with a race like point system. 1<sup>st</sup> choice gets 10 pts, 2<sup>nd</sup> 8, 3<sup>rd</sup> 6, 4<sup>th</sup> 4, 5<sup>th</sup> 2, and 6<sup>th</sup> 1 point. Also a percentage, where you split your own vote into percentage, depending on your level of trust/agreement offer 50%, 10%, 20%, 20% to 4 different, as an example.

No BC Senators or Jenny Kwan have contacted me after I sent it. - Gölok Z Buday

I am not an absolutist about cops, I am a Police Brutality Victim in 2001, and 2002. The Police Act, and yes Vancouver Budget, should reflect the ability and defunding of non-Investigatory police units and non-violent "crime" enforcement. Vice, Beat, Patrol, and Car 87. The latter is endowed with the easiest method of brutality cover up, they can discredit victims with Wellness Checks and Hospitalization unless they are daft enough to be caught on video. These units largeley presume someone will commit a crime and are around to look for it, imagine the frustration in finding nothing built up. Trouble is bound to happen.

Triage, Investigation, that's fine. Improtant, they have to be part of proving crimes and guilt. - Gölok Z Buday

Tax Cuts Vs Rebates. If you find yourself being offered Rebates or Credits from the Government, this is a more Conservative way to hire more civil servants to return money they shouldn't have taken in the first place.

A tax cut just means they don't take it, and you don't need any additional paperwork to get it back. In short, you keep the money. No red tape. - Gölok Z Buday
